Background on CHCA partnership with Vizient

As of January 2013, CHA's Group Purchasing Program was almost fully outsourced to Vizient. CHA maintains direct relationships with participating hospitals and grants access to a customized Vizient program which includes access to the Vizient national portfolio of contracts, custom contracts specific for CHA members, account management, access to analytic tools and more. CHA members are required to adhere to all of Vizient's policies as it relates to Code of Conduct, Conflicts of Interest and Confidentiality.

OWNERSHIP AND ORGANIZATIONAL STRUCTURE

1. Describe the ownership structure of your GPO and/or its parent or affiliated companies, including details regarding the following:

- Person(s) or entities that control the majority of voting interests in your GPO;
- The types of equity holders of your GPO (e.g., publicly-held company, healthcare providers, individuals, for-profit and/or not-for-profit entities);
- The corporate form of your GPO and/or its parent or affiliated companies – such as corporation, partnership, limited liability company, co-op;
- Whether the GPO is organized as a for-profit or not-for-profit organization; and
- Location of corporate headquarters.

The Children's Hospital Association (CHA) was formed in 2011, and combines the strengths and talents of three organizations: Child Health Corporation of America (CHCA), National Association of Children's Hospitals and Related Institutions, Inc. (NACHRI) and National Association of Children's Hospitals, Inc. (N.A.C.H.). The business of the Association is conducted under the three legacy organizations.

Child Health Corporation of America's (CHCA's) group purchasing program provides services to more than thirty (30) Children's Hospital. The equity holders are all pediatric healthcare providers. CHCA is a taxable, for-profit cooperative, and is organized in the state of Delaware. CHCA is a subsidiary of the National Association of Children's Hospitals (N.A.C.H.) which is a 501(c)6 organization.

CHA operates largely on a single set of policies and procedures for all of our business, however there are some distinct differences related to the GPO services provided by

CHCA. Throughout the questionnaire, we will refer to CHA for the majority of responses, but where these differences exist, we'll refer to CHCA and/or NACHRI to clarify any distinctions.

2. Describe the composition of your Board of Directors or other governing body and reflect any changes from the previous HGPII reporting year. Include the following in your response:

- Number of individuals serving on your Board;
13
- Percentage of Board representing GPO customers;

4. Describe the GPO's policies and procedures that address conflicts of interest for:

- Employees in a position of influence with regard to contracting decisions;
- Clinical Advisory Members; and
- Members of the GPO's Board of Directors or other governing body.

As part of your response, provide details about reporting requirements for conflicts and provide a copy of written policies.

The Code of Ethics and Professional Conduct, which includes the conflict of interest policy, applies to all personnel, as well as contracted temporary staff, non-employee Officers, Directors, Advisors or members of any committee of the Board of Trustees.

EMPLOYEES

All employees are required to disclose any potential conflicts of interest. The CEO, COO and employees of the Supply Chain Services division and any employee who is in a position to direct contract activity is required to divest "individual equity interest" in any supplier with whom CHCA or its national Group Purchasing partner has a contract or is negotiating a contract (i.e., stock, securities, options, warrants, debt instruments including loans, or rights to acquire any of the foregoing in a Vendor, but does include mutual fund investments). This prohibition of individual equity interest also applies to

Vendors who have indicated an interest in pursuing a contract with CHCA or our National GPO Partner. An employee's immediate family may have individual equity interest with contracted or potential vendors, but this ownership must be disclosed annually to CHA and the employee must recuse himself or herself from discussions and decisions related to contracting activities for such vendor.

CHA employees may participate in boards, advisory councils or committees of its purchasing partners. CHA personnel are discouraged from serving on vendor boards or vendor advisory boards falling outside this definition. Prior to serving on a board or advisory board of a vendor or in a similar consulting capacity, the employee shall notify and receive approval from the President.

No employee may accept from any vendor: gifts, gift cards, meals, entertainment, favors, personal services or payments that exceed a retail value of \$50. The total retail value of all gifts and entertainment received by an employee during each calendar year from one vendor shall not exceed \$100. The total retail value of all gifts received by an employee during each calendar year from all sources shall not exceed \$300. All employees shall complete an Entertainment and Gift disclosure form and submit it to the CHA Compliance Committee upon acceptance of any gift with a retail value below the guidelines. All gifts with a retail value above the guidelines must be returned to the vendor.

CLINICAL ADVISORY MEMBERS

The majority of contracting is conducted by our GPO partner, Vizient. Please refer to their response for policies related to clinical advisory members.

BOARD OF TRUSTEES

Non-employees may own individual equity interest in vendors and are not prohibited from participating in service on vendor boards of directors. Any non-employee CHA forum member, or member of the Board of Trustees or a committee of the Board of Trustees of CHA, who is in a position to influence the GPO contracting decision and who has individual equity interest in any participating vendor, must disclose such ownership, including interests held by immediate family members, to the related forum or to the CHA governing Board and must recuse himself or herself from any discussions, negotiations or decisions relating to such participating vendor. Likewise, any participation on boards of contracted vendors must be disclosed by the non-employee in a position to influence contracting decisions for the purposes of recusal from discussions relating to that vendor.

5. Describe actions the GPO takes to avoid conflict of interest issues for members of the Board of Directors (e.g. disclosure and/or prevention of equity investments in participating vendor relationships and acceptance of gifts/meals/travel/entertainment paid for by vendors.)

Non-employee representatives from Children's Hospitals who serve on or participate in CHA committees are discouraged from accepting gifts, discounts, entertainment,

favors, honoraria or personal service payments (normal business luncheons and dinners are excluded). Any non-employee member of a CHA committee in a position of influencing a contracting decision, must disclose any acceptance of any gifts, gift cards, meals, entertainment, favors, personal services or payments that exceed a retail value of \$50 from any vendor with whom CHA contracts either directly, or indirectly through our National Group Purchasing Partner.

6. Describe the GPO's policies and procedures that address activities, including other lines of business of the GPO and/or its affiliates (including non GPO services and strategic investments) that might constitute conflicts of interest to the independence of its purchasing activity. [1]

CHCA does not offer services that might constitute conflicts of interest with our contracting activities.

8. What policies or guidelines does the GPO have to address potential conflicts of interest with regard to other lines of business engaged in by the GPO and/or its parent or affiliated companies?

Prior to 2015, the CHCA and NACHRI entities had separate policies to address conflicts of interest and to guide sponsorship and related activities. The Compliance Committee may also use this special code to seek further clarification or details surrounding the report, communicate issue resolution through the independent hotline staff and preserve the caller's anonymity. Confidentiality of a non-anonymous relator will be preserved whenever possible.
